

Course Review:	NURS 584	Contact:	
Faculty Reviewer:	Linda Frederiksen Akram Hossain	Review Date:	3/26/2015

Background: Increase to 3 credits, class title change

Comments by Linda:

1. P. 5 and P.6 – change “Angel” to Blackboard or LMS
2. P. 6 – Posting quality 25% a little difficult to read
3. P. 6 – refers to and quotes WSU Graduate School Grading Formula. Is there a WSU Graduate School Grading Formula or is it a graduate school nursing program?
4. I didn’t see a specific statement about composition of midterm/final grades but I understood from the syllabi what the instructor meant. Does there need to be a specific statement about composition of midterm/final grades?

Comments by Akram

1. Cover page specifies NURS 536 to be prerequisite . However, syllabus include none. Please clarify.
2. It should be 8:10 – 10:40 am without any break. Please make necessary corrections.
3. Please specify means of assessing the student outcomes.
4. The catalog description does not include the word “law” even though the title of the course is “Health Care Law, Policy, and Analysis”.
5. Credit definition on page 2 of the syllabus refers to a 2 Cr course. It is, however, a 3 Cr course. Please make the necessary correction.
6. Late assignments can result in point deductions. How many points?
7. Grading Scale: Please specify A- to 90 - <95 and so on.
