Course Number: VMS 570

Course Title: Special Topics

Course Description: Weekly small group discussions of problems in clinical veterinary medicine, surgery, anesthesia or reproductive sciences using current literature and recent case material from Veterinary Teaching Hospital.

Department: Veterinary Clinical Sciences

Semester: Fall and Spring

Course Classification: Graduate

Course Credits: 1 credit

Instructor(s): Multiple instructors

Course Objectives: To develop a familiarity with the current and historical literature on specialized topics in clinical veterinary medicine.

Textbooks and References: There is no textbook. Reading material will be selected by the instructor from scientific publications.

Course Format / Teaching Methods: Small group discussion. Students will be expected to read and outline the material and participate in discussion.

Criteria for Student Evaluation: Students will be graded on the basis of the quality of the preparation of the material (40%), quality of oral presentation (40%) and class attendance (20%)

Grading Scale: S/F

Audio or Video Recording of Course Materials: Not available.

Primary Topics: Current topics of relevance to clinical veterinary medicine in a broad variety of specialty areas.

Academic Policies: See http://courses.vetmed.wsu.edu/course_syllabi/policies.asp for policies related to academic integrity, accommodation for students with a disability and attendance and absences.

Students with Disabilities: Reasonable accommodations are available for students with a documented disability. If you have a disability and may need accommodations to fully participate in this class, please visit the Disability Resource Center (DRC). All accommodations MUST be approved through the DRC (Washington Building, Room 217). Please stop by or call 509-335-3417 to make an appointment with a disability specialist.

Campus safety plan/emergency information:
