MEMORANDUM

TO: The Washington State University Registrar's Office
FROM: Gary Meadows, Associate Dean through
Nic Burnham, Interim Graduate Programs Coordinator
College of Pharmacy Graduate Programs
DATE: August 27th, 2012
SUBJECT: Rationale for Requesting the Addition of PharmSci 702 to the Catalog
CC: All Concerned

The Washington State University College of Pharmacy Graduate Programs would like to request the addition of PharmSci 702 to the WSU catalog. The rationale for proposing PharmSci 702 be added to the WSU Course Catalog is that the 702 credits fulfill the requirement of the Graduate School for students who are completing a non-thesis Master's degree in the Pharmaceutical Sciences Graduate Program. It is a standard Master's Special Problems, Directed Study, and/or Examination course which the Pharmaceutical Sciences Program may need for future students, and is, at present, lacking. Please list this course, and activate it for offering, as soon as possible.

Best regards,
Nic
