Rationale for NEP 600:

We neglected to include this course number when establishing our new panel of NEP courses a couple of years ago. NEP faculty members occasionally supervise graduate students in independent study projects, as is typical for all other academic units at WSU. We are requesting this course so that students can receive credit for such elective activities. This will be particularly useful for students in the MS Coordinated Program in Dietetics, Nutrition, and Exercise Physiology (MS CPDNEP), since this is a non-thesis MS in which we sometimes have students interested in additional independent study.

How about 1-4 credits, and both can be repeated for credit?

Yes, but we still need a starting point. Also, will they be able to repeat the course for credit?

Sincerely,

Barb

Yes...OK to change. Can they just be "variable credit"?

Okay to change title to Special Problems? What about number of credits/units for NEP 600? We need those also.

Sincerely,

Barb

Yes, please. I saw from the catalog that there was "standard" wording, so I thought I didn't need to write anything. Sorry for the error!

Hi Kay,

I was going to put NEP 499 and NEP 600 on the agenda for the Catalog Subcommittee but the paperwork is incomplete.

NEP 499 Special Projects:

New course. There is no description provided in the paperwork for this course.

NOTE: 499 courses now in the catalog have the following title and description across all prefixes. Is this what you were wanting?

499 Special Problems V 1-4 May be repeated for credit. Independent study conducted under the jurisdiction of an approving faculty member; may include independent research studies in technical or specialized problems; selection and analysis of specified readings; development of a creative project; or field experiences. S, F grading.

NEP 600 Special Projects or Independent Study:

Is this a new course? There is no credit/unit information of any kind on the paperwork. The credit information was X'd out. We need the credit/unit information to proceed.

Let me know what you want to do, soon.
Thanks.

Sincerely,

Barb Schmidtlein
