Enrollment based on IPEDS definition

All enrollment data is based on primary program enrollment. Students may be enrolled in more than one graduate program (e.g. PhD and MS), but are only counted in their primary program. Doctoral programs are considered primary over masters level programs

¹ In Fall 2015, MBA and Executive MBA programs were moved into a new career (BUSN) and were no longer counted within the Graduate career. Fall 2015 enrollments and applications include MBA students in the count except where noted for trend analysis.

² Other doctorates include all non-Ph.D. non-professional doctorate level degrees offered by the institution. This includes various education doctorates, doctorates in nursing practice and doctorates in design.

³ Admits in Fall 2012 do not include those who were admitted but subsequently canceled their application. Fall 2013 and onward, they are included in admit count.

⁴ Other includes all certificates, undecided graduates and non-degree seeking

Assistantships: Available in early October--report will be updated at that time.

Staff Assistant-Institutional Work Study, Teaching Assistant-Federal Work Study, Staff Assistant-Federal Work Study, Teaching Assistant, Research Assistant, Project Assistant, Staff Assistant, Graduate Veterinary Assistant
