Washington State University is a top-ranked research institution immersed in new discoveries and solutions that make the world a better place. Our 140 master's, doctoral, professional, and certificate programs provide a solid academic foundation from which students can collaborate with world-renowned faculty to explore and develop ideas to improve our world. We invite you to join WSU in its quest to tackle some of the world's most crucial problems, like improved health for you and your pets, better tasting and more nutritious tree fruit, and new sustainable sources of energy. On your journey, you'll learn to think critically, navigate unfamiliar territory, and engage in a dynamic, multicultural community that values knowledge and integrity.

To make your education financially possible, the Graduate School works hard to provide financial support through assistantships, fellowships, scholarships, internships, and grants. Many of our graduate students are fully funded.

Once you've decided upon your field of study, explore the financial options we have available to help you succeed at [gradschool.wsu.edu/scholarships-fellowships-awards](https://gradschool.wsu.edu/scholarships-fellowships-awards).
